

## PRESS RELEASE

**FOR IMMEDIATE RELEASE**

**Date: June 26, 2020**

**Contact: Ryan Simonson**

**Phone: (218) 824-1010**

### CROW WING COUNTY LAND SALE TO BE HELD JULY 24<sup>th</sup>

Crow Wing County will hold a public land sale auction on July 24<sup>th</sup> at 10:00 a.m. just outside of the Land Services Building located at 322 Laurel Street in Brainerd. Over 400 tracts will be offered for sale at public auction. The vast majority of these tracts have had the starting bid price reduced by 25%. Properties are located throughout Crow Wing County, from the Mille Lacs Lake area in Garrison, all of the way to Ideal Township, with many lots in Breezy Point, Brainerd, and Crosby. Among the 400+ tracts available on the auction, 33 are waterfront properties and 41 are greater than 20 acres in size.

Properties offered for sale can be searched through an interactive map application available through the following link: <https://taxforfeit.crowwing.us/>. This application provides detailed information about location, size, and starting bid price for all 400+ tracts to be offered at auction. Interested buyers may also contact Land Services staff at 218-824-1010 or [landservices@crowwing.us](mailto:landservices@crowwing.us) for more information.

“These tax-forfeited properties have been selling fast over the past couple of years,” stated Ryan Simonson, Environmental Services Supervisor. “Whether people are interested in sites for building, seasonal use, or recreation, there are a variety of tracts available for purchase throughout Crow Wing County.”

Additionally, properties offered at auction in prior years that remain unsold are available for direct purchase any time over-the-counter. Information on how to purchase these properties is available by contacting the Land Services Department or by searching “land sale” on the County webpage. These properties are also viewable through the interactive map.

Crow Wing County Land Services manages 105,000 acres of forest land for timber production and diverse recreational opportunities for multiple users. The sale of timber at public auctions funds the county’s management of these lands, while providing revenues to local communities. County forest lands are managed to strict environmental standards established by both the Sustainable Forestry Initiative and the Minnesota Forest Resources Council.
