PRESS RELEASE

On Sunday, December 27th at approx. 6:15 pm., the Crow Wing County Sheriff's Office received a call of an ATV and fish house that had broken through the ice on Platte Lake in the southeast part of Crow Wing County.

2 individuals were able to get out of the water and to shore. However, their ATV and fish house are still in the water.

Sheriff Goddard reminds people that ice thickness varies from lake to lake and can change overnight and asks people to be vigilant on checking the thickness of the ice as they venture out onto the lakes.
