

## PRESS RELEASE

**FOR IMMEDIATE RELEASE**  
**November 10, 2020**

### **COUNTY ROAD 13 TREE CLEARING AND GRUBBING SCHEDULE**

The Crow Wing County Highway Department has entered into a contract with Anderson Sitework LLC for tree clearing and grubbing on County State Aid Highway (CSAH) 13 between State Highway 371 in Nisswa to CR 137 in Lake Edward Township. Weather permitting, tree clearing is scheduled to begin the week of November 16. Utility companies will also be working in the project corridor in preparation of next year's reconstruction work.

Personnel on site will be working on and near the roadway much of the time from sunset to sundown and we ask that you drive cautiously when signs and/or flashing lights are present. The road will remain open during the clearing project. The Contractor plans to begin the tree clearing at the west end of the project limits and proceed to the east. The clearing and grubbing work will take approximately one month to complete. The work schedule and starting location is subject to unknown variables such as weather and utility coordination.

The reconstruction of the roadway is on track for early 2021 bidding and an April or May start date. The County will post construction updates on Facebook, Twitter, and the highway department website at <https://www.crowwing.us/149/Current-Projects>.
